

## **Vision for James River Valley Library System**

### **OUR LIBRARY WILL**

promote community connections and lifelong learning for all Stutsman County residents. These connections will be enhanced by the traveling Bookmobile and library outreach programs.

incorporate essential information-access technologies with traditional forms of information. There will be a balance of e-books and traditional printed and recorded materials.

facilitate individual reflection and community interaction in quiet areas for personal study and technology-based communication.

provide interactive areas for discussions, public presentations, forums, and educational opportunities.

be spacious, visually attractive, and upgrade-friendly for emerging information technologies.

### **ALL PATRONS WILL**

be challenged to learn and grow through materials and programs that create lifelong readers, writers, and problem solvers.

have access to the latest electronic and traditional materials.

obtain personal-growth opportunities through career, health, financial and technology information.

### **STUTSMAN COUNTY AND THE CITY OF JAMESTOWN WILL**

complete the library unification process initiated by popular vote in 2008.
